

Greetings and Welcome to the **International Student and Scholar Services' (ISSS)** DS-2019 Application! Please click <u>here</u> for more resources or recent updates.

- An application fee of \$350 for a J-1 Exchange Visitor and \$50 for each J-2 dependent will be assessed for all new initial and transfer applications received <u>on or after July 1, 2018</u>.
 **If charging the processing fee to 5000 funds, account code 643_ must be used for compliance. Please verify with your Grants Officer if your particular grant allows account code 643__.
- Exchange Visitors who are not directly funded by the University and are staying for a semester or longer should be conferred with an appropriate designation via the Graduate School's Visiting Scholar Registry. Please contact the Graduate School for more information.
- <u>Please note</u>: to adjust for, and to appropriately disclose an accurate cost of living in the Salt Lake Metro area, the minimum proof of funding required will be **\$2,400 per month for the EV** and **\$500 for each dependent for each month** of the stay. This is not a salary requirement.
- A University ID Number (UNID) is required for all Exchange Visitors on a J-1 visa, and should be requested prior to issuance of the DS-2019 form. You can request the UNID through HR using the electronic affiliate ID request found at *https://www.hr.utah.edu/forms/affiliate.php*
 - Most requests will be processed within 48 hours
 - In the event that the exchange visitor was previously issued a UNID, there is no need to request a new one.
 - Please direct inquiries regarding the Affiliate ID Request to the Human Resources Solutions Center at (*benefits@utah.edu*).
- Host departments must collect and provide **proof of English proficiency** as part of the DS-2019 application. Please review the English Proficiency Policy Guide on the ISSS website under Policies and Forms. This visa requirement cannot be waived.
- A visitor in the Professor or Research Scholar category cannot hold tenure or be placed in a position where they are "on a tenure track", however, it may be possible to occupy a position temporarily, even if the position is normally tenured or tenure-track.
- Host departments must confirm if there will or will not be **contact with medical patients**, in order for ISSS to ensure compliance.

If you are new to the DS-2019 application process or have questions regarding the application or changes therein, please contact the J Scholar Program Team via email at *internationalscholars@utah.edu*. You may also call the ISSS main office at 801-581-8876 to schedule an in-person or phone meeting.

Thank you very much! We look forward to working with you!

Sincerely,

International Student and Scholars Services, J Scholar Team

J-1 Exchange Visitor Application Processing Fee Invoice

International Student and Scholar Services (ISSS) will begin to implement an application fee of \$350 for each J-1 Exchange Visitor DS-2019 application received on or after July 1, 2018. For Exchange Visitors (Research Scholars, Short Term Scholars, Student Interns, Specialists, and Professors) with accompanying dependents, there will be an additional dependent application fee of \$50 per dependent.

The fee will only be assessed for an **initial evaluation** of a <u>new</u> or <u>transfer</u> DS-2019 application.

Our office will submit a journal entry charging the fee to your department chartfield upon receipt of the application. We are not able to collect fees directly from the Exchange Visitor, however the department is free to make individual arrangements with visiting J-1 scholars if it chooses.

Please complete all information below, including the name of the contact person authorizing the charge, and submit with the DS-2019 application. The DS-2019 cannot be issued without the information listed below.

*If charging the processing fee to 5000 funds, account code 643__ must be used for compliance. Please verify with your Grants Officer if your particular grant allows account code 643___.

Thank you for your assistance and feel free to contact the ISSS office with any questions at internationalscholars@utah.edu.

Best,

J-1 Exchange Visitor Program

EXPORT CONTROL QUESTIONNAIRE

An **Export Control Questionnaire** was created by the University's Office of General Counsel (OGC) and added to the DS-2019 application. The Export Control Questionnaire must be submitted with all DS-2019 applications. Receipt of the questionnaire and clearance of the Exchange Visitor is a condition of issuing the DS-2019.

All **Exchange Visitors** are subject to Export Control, including Research Scholars, Short Term Scholars, Professors, Specialists, Students, and Student Interns. The Questionnaire must be completed and signed by the **Primary Investigator (PI), supervisor**, or other department representative with intimate knowledge of the Exchange Visitor's research.

To provide some context, the University of Utah must comply with United States Export Control regulations, and the Questionnaire is designed to facilitate compliance with export control regulations. These regulations concern transfer or access to export controlled equipment and technologies by foreign nationals. When the University sponsors a J-1 Exchange Visitor (EV), we must (i) review the **Export Administration Regulations** (EAR) administered by the U.S. Department of Commerce and the **International Traffic in Arms Regulations** (ITAR) administered by the U.S. Department of State, and (ii) determine whether or not a license is required to allow the foreign national Exchange Visitor access to export controlled items or technology (laboratory equipment/research instruments, materials, software or technology/technical data).

As a general principle, the University of Utah adheres to principles of openness in research based on its mission of education, research and public service. Consistent with these principles, the University will not generally enter into a contract nor accept a grant to carry out research if the grant or contract restricts the freedom of the University to publish results or limits the participation of researchers on the basis of citizenship. However, there are exceptions to this general position that trigger export control restrictions, so each EV must be evaluated.

If research is subject to Export Control regulations, and an exemption is not available, the government will require the University to obtain a license before allowing foreign nationals to participate in the controlled research. Licenses are not easily obtained and require careful preparation and a significant amount of lead-time. Noncompliance with export control regulations subjects both individuals and the University to penalties, which may include monetary and criminal punishment.

Information about Export Controls can be found on the Bureau of Industry and Security website and on the EXBS fact sheet and the University's commitment to compliance can be found on the Office of Sponsored Project's website.

Thank you for your cooperation and please let us know if there are any questions.

Best,

J-1 Scholar Team

J-1 VISA/EXPORT CONTROL QUESTIONNAIRE

The questionnaire must be completed and signed by the **Supervisor/Principal Investigator** or other appropriate University authority with direct oversight of the foreign national exchange visitor's work. This is required for all Exchange Visitors (Research Scholars, Short Term Scholars, Professors, Students, and Student Interns)

SECTION I

Name of Exchange Visitor:

Title:

Countries of Citizenship (include dates):

Country of Birth:

Name and Title of Supervisor or PI:

- Is the J-1 exchange visitor (EV) (i) classified as a J-1 Student "Non-degree" or "Bachelor", <u>and</u> (ii) <u>not</u> currently applying for academic training, <u>and</u> (iii) <u>not</u> a Student Intern? (If "Yes," proceed to Section VI). Student "non-degree" or "Bachelor" are students in full time study at the University.
- 2. Will the EV be working in the **core sciences** (medical and non-medical), e.g., biomedical sciences, computer sciences, space or space launch sciences, engineering (chemical, electrical, mechanical, semiconductor, nuclear), material sciences, atmospheric sciences/astronomy, geophysics, physics, chemistry, medicine, nanotechnology, marine science, artificial intelligence, robotics, etc. and including IT services in these departments/fields.

Check one:

No, the EV's program will <u>not</u> involve, expose or potentially expose the applicant to any core scientific discipline, including but not limited to the ones listed above. **Please sign and date this form in Section VI.**

Yes, the EV's program <u>will</u> involve, expose or potentially expose the beneficiary to a core scientific discipline (including but not limited to one or more of those listed above). **Proceed to Section II**.

SECTION II

- 3. Will the EV engage in research? (If "No," proceed to Section III)
- **4.** Is the research to be performed or funded by, or affiliated with, in whole or in part, another university, nonacademic research institution, company, or the federal or state government?

If yes, please provide:

If the entity is located abroad, please identify name and location

If the EV is collaborating with an institution abroad as part of the research, in what capacity?

Yes

No

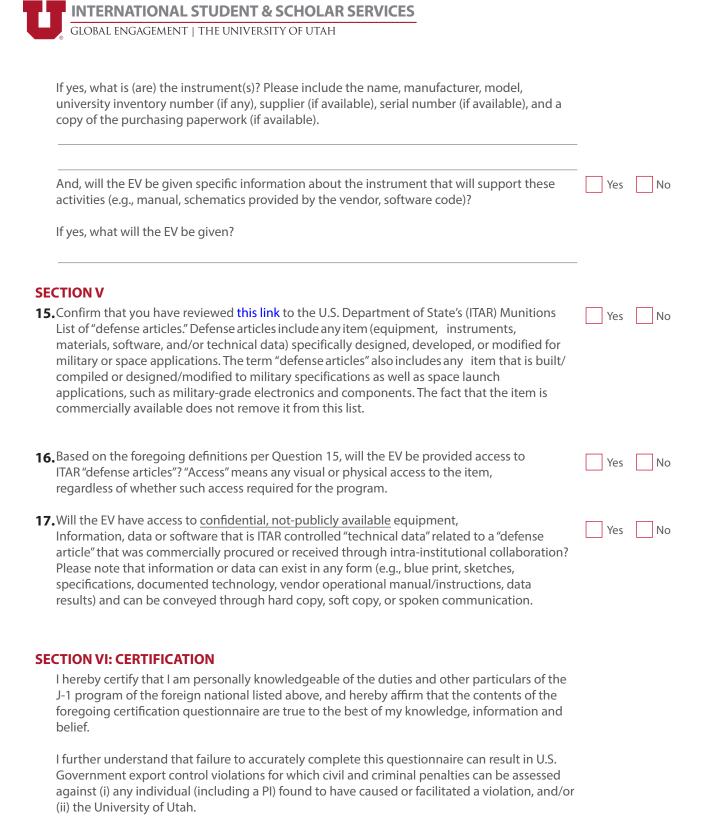

No

No

Yes

Yes

	Provide us with a copy of any contract/award governing the research collaboration or	funding	
	If there a Project ID#, please provide it:	ee above	
	Project Title		
	Name of the PI		
SE	CTION II		
5.	Will the research results be taught, published or otherwise shared with the interested public	? Yes	No
6.	Are there <u>any</u> restrictions on publication of your research results? (Examples include, but are not limited to an absolute publication restriction or time delay or opportunity for review an or comment by third party or sponsor.) (If "Yes", please provide a copy of any agreement).	123	No
7.	Are there any citizenship restrictions on who can access the technology or technical data being used in your research or research results? (If "Yes", please provide a copy of any agreement).	Yes	No
8.	Is any aspect of your research subject to any Non-Disclosure Agreement (NDA) or other confidentiality agreement that permits access to confidential, not publicly available information, data or software from a sponsor/third-party?	Yes	No
9.	If you answered "yes" to question 8, will the EV have access to <u>confidential</u> , <u>not-publicly</u> <u>available</u> information, data or software? (If "Yes", please provide a copy of any NDA or other confidentiality agreement).	Yes	No
10	Where the research results in software, will the software be commercialized and licensed?	Yes	No
SE			
11	•Does the EV have citizenship from any of the following countries: Cuba, Iran, North Korea, Syria or Sudan?	Yes	No
12	•Will the EV have access to proprietary technology for the development of cryptography or proprietary source code containing cryptographic functionality (whether on not actually required for the work assignment and whether through hard or soft copy)?	r Yes	No
SE	CTION IV		
13	Will the EV have access to technical data or information that has been stamped or otherwise designated by the sponsor/third party as "export controlled"? This includes U.S. governmen or sponsor/collaborator furnished technical data with dissemination controls or other restrictive markings, as well as ITAR-controlled software.		No
14	•Will the EV have access to one or more laboratory instruments where the all 6 of the following activities occur (all 6 relative to one particular instrument): operation, installation, maintenance, repair, overhaul and refurbishing?	Yes	No

Supervisor/PI (printed name) Signature

*When an EV is being paid through a University grant designated for research and not for the purpose of promoting international exchange, the EV is considered to be paid through the University and not the US government, even if it is a government grant to the University.

CHECKLIST OF REQUIRED ADDITIONAL INFORMATION

The following documentation **MUST** be provided for the application to be considered complete:

Photo Page of EV's Passport (copy)
Verification of Finances
It is necessary to demonstrate minimum funding in the
amount of \$2,400 USD per month for the duration of the EV's stay . This can be proven through University of Utah
funds as verified in the Position Disclosure Form. F unding
from an outside source with an official letter as verification,
or personal funds with a certified bank statement.
Objective Measure of an EV's
English language proficiency
A few examples are listed below:
A recognized English test, such as TOEFL or IELTS.
• A documented interview conducted by English3.
Please review the English proficiency policy
guide for more information related to language
 proficiency requirements.
Position Disclosure Form
(Included in Application)
The department must complete and sign this page. Per
federal regulations, the information contained within the
form must be disclosed to the Exchange Visitor prior to
arrival. A copy will be included in the visitor's welcome
packet.

Proof of the EV's Qualifications ples include copies of degrees earned and CV.

Patient Contact Confirmation luded in Application)

Il fields, a No Patient Contact form must be submitted. nose in a medically related field with incidental contact patients (via an observership, for example) the rtment must include the cally Related Incidental Patient Contact form.

Student Interns

is a Student Intern please provide the following:

- A letter from the student's home institution stating how the internship will fulfill educational objectives for his/her current degree program. The letter should also state the student is in good academic standing at their institution and will be returning to their home institution to complete his/ her degree after completing the internship.
- Complete and sign the DS-7002 Training Placement Plan and have the J-1 Student Intern sign the form as well. Our office will sign the form as the sponsor. Your office will sign as the supervisor.
- A written evaluation of the intern's performance at the end of the program. If the internship is longer than six months, provide a midpoint and concluding evaluation.

J-2 DEPENDENT APPLICATION

The following information is required for each dependent:

	First name	Middle name	Last name
Relationship to Exchange Visitor			
Dependent's birth date: month, day, year			
	MM / DD / YY		
City and country of birth			
Country of sitis and in 0 Down Dosidou of			
Country of citizenship <u>&</u> Perm Residence			
mail Address			

For additional dependents, please complete an additional J-2 Dependent Application with supporting documentation.

Include the following items:

Copy of biographical (picture) page from passport, showing biographical information.

Proof of financial support of \$500 per dependent per month for entire duration of program.

Relationship to Exchange Visitor – copy of marriage certificate and/or birth certificate.

To The Exchange Visitor:

I have adequate financial resources for the care of my dependents for the duration of my program of study at the University of Utah. I am also aware that my dependents must have health insurance while on the J-2 visa. I am aware that it is a violation of immigration law to provide information intended to mislead or misrepresent the truth, which could result in serious penalties issued by the Department of Homeland Security.

Exchange Visitor Signature

GENERAL COMPLIANCE FORM

EV initial here	The information contained within this application is correct and accurately reflects the following:
	My citizenship and permanent residency;
	Personal biographical information;
	Previous participation in the J-1 Visa Exchange Visitor Program;
	And relationship to any requested dependents.
EV initial here	I will maintain health insurance for myself and any accompanying dependents throughout the duration of my J-1 Exchange Visitor Program; and the coverage will meet the followin minimum benefits: • Medical benefit of \$100,000 per accident or illness;
	 Maximum deductible of \$500 per year;
	 Medical evacuation up to \$50,000;
	 Repatriation of remains up to \$25,000.
EV initial here	I will show proof of health insurance coverage upon arrival and start of my program.
EV initial here	It is my responsibility to follow the regulations of the J-1 Visa type during the duration of my J-1 Visa program and will consult with International Student and Scholar Services regarding maintaining my status.
