

Guide to Completing the DS-7002 (Internship Placement Plan)

Link to DS-7002 Form: https://eforms.state.gov/Forms/ds7002.PDF

Student Interns visiting on a J-1 visa are required to submit an executed DS-7002 Training/Internship Placement Plan when they apply for the J-1 visa at a US embassy or Consulate. The DS-7002 outlines the goals, objectives, specific activities, and supervisory plan for the internship. A complete DS-7002 demonstrates that the University of Utah department and the Student Intern have discussed, reviewed, and agreed upon a plan for the internship and educational outcomes.

Please complete all of the following sections with full, complete answers. Each reply can be **brief**, but best that each reply have more than one sentence. The consular officer at a U.S. embassy will review this information, and the plan should clearly explain the purpose, goals, specific activities, and expected outcomes of the internship. Please use "Intern" in referring to the student, not "Trainee".

- Description of Trainee/Intern's role for this program or phase:
 Describe of specifically how the internship will complement the Student Intern's academic program at his or her home institution.
- Specific goals and objectives for this program or phase:
 Describe what the student intern expects to learn and achieve through this internship. Include the anticipated academic and practical outcomes for the student intern.
- Please list the names and titles of those who will provide continuous (for example, daily) supervision of the
 Trainee/Intern, including the primary supervisor. What are these persons' qualifications to teach the
 planned learning?:
 Include the supervisor's name/title as well as any other individuals who may oversee the internship. Include a

short summary of the supervisor's qualifications/experience and relation to the internship/project.

- What plans are in place for the Trainee/Intern to participate in cultural activities while in the United States?:

 As a participant in an exchange visitor program, cultural activities are a required component of the program.

 Please include specific cultural opportunities the intern would be able to engage in during their stay. Ideas include visiting museums, sporting events, concerts, conferences/lectures in the department, film or cultural festivals, trying new foods, holiday parties, trips to a national park, and U of U on campus sponsored events, etc.
- What specific knowledge, skills, or techniques will be learned?:

 Describe what will be learned, or what must happen in order for this phase to be completed?
- How specifically will these knowledge, skills, or techniques be taught? Include specific tasks and activities (Interns) and/ or methodology of training and chronology/syllabus (Trainees):
 Describe the ways in which the intern will achieve the internship's goals; include specific tasks or activities that will lead to the anticipated outcomes. This can include specific training periods, observations, attending seminars/lectures, independent work, practicing specific techniques, lab meetings with opportunities for discussion/questions, etc.
- How will the Trainee/Intern's acquisition of new skills and competencies be measured?: Describe how the supervisor will evaluate the student intern's progress. This can include weekly evaluation meetings, written reports/abstracts, outcomes of research, etc. Additionally, Student Interns and their supervisors are required to complete a written evaluation of the internship (one evaluation if the internship lasts 6 months or less, two evaluations if the internship lasts more than 6 months).
- Additional phase remarks: This section is optional, but can include any other information relevant to the
 phase/internship that was not already mentioned.

Phase Supervisor (page 5): Must be signed and dated by the faculty member supervising the internship. This is also the person that will conduct evaluations.
